

## Guidelines for health safety controls when entering Åland during the COVID-19 pandemic

When arriving in Åland from a country with increased risk, the temporary additional regulations of the Communicable Diseases Act (smittskyddslagen) from July 7, 2021, apply. The additional regulations (16 a-16 g §, 87 a § and 89 a § in the Communicable Diseases Act) are valid until December 31, 2021.

Travellers who have stayed in South Africa, Namibia, Botswana, Zimbabwe, Lesotho, Eswatini (Swaziland), Mozambique, Malawi, Norway, Denmark, Great Britain and Nigeria for the past 14 days before arrival in Åland must participate in a mandatory health security check. Mandatory security check is not needed if the traveler can present a negative COVID-19 test taken within 48 hours.

This does not apply to children under 6 years. The traveler must immediately go on a covid-19 test upon arrival in Åland regardless of vaccination status and even if you are symptom-free. Avoid social contacts while waiting for the results. If you get symptoms later, you should take a New covid-19 test.

All individuals 16 years or older are obliged to present a certificate or undergo testing. Note that refusing to participate in the mandatory testing of COVID-19 is punishable.

### Certificates

## COVID-19 tests

COVID-19 tests and analyses of arriving individuals without symptoms according to the additional regulations are performed at **Medimar** Address: Lövuudsvägen 4, 22120 Mariehamn

- To book an appointment, visit Finentry at <https://app.finentry.fi/> (from July 13, 2021)  
Please make sure to book an appointment in advance to be certain that the test will be performed within the specified time frame.

In the event of a positive COVID-19 test, the matter is handled by the department of Communicable Disease Control at Åland's Health Services (smittskyddet, Ålands hälso- och sjukvård).

### **If you develop symptoms while travelling to or when in Åland, please contact Åland's Health Services (Ålands hälso- och sjukvård). ALWAYS call before you visit health services:**

- call the corona telephone line 018-535 313 for an assessment (open Mon-Fri 8 a.m. to 4 p.m, Sat-Sun 9 a.m. to 3 p.m.)
- stay inside your accommodation and remain isolated until you receive further instructions from health services

If you develop serious symptoms - for example high fever and/or respiratory distress:

- call the corona telephone line daytime, in the evening call the emergency ward, telephone number: 018-535 001
- call 112 in the event of emergent need of help
