

Finlines 24/7 Trailer Gateway

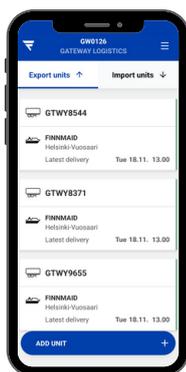

Finlines Gateway mobile app makes your port visits easier. You can handle your check-ins at the Vuosaari terminal through self-service 24/7 and bring in or pick up any trailers your truck is licensed to tow.

The app makes your visit smoother and more reliable, and it gives you more information about the trailers you import or export. Read more on our website and download the app today.

Easy to use

Download the app from your app store. You will receive an invitation from your transport company to become a user. Log in and select the truck you are driving.

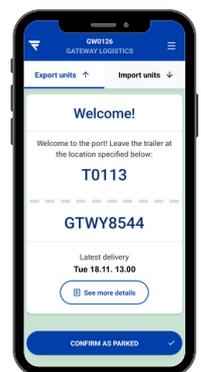

Clear

You get real-time updates in the app such as the yard location for export or unloading status for import. Easy and straightforward.

Reliable

Handle your gate passage with the self-service kiosk and your Gateway app 24/7 without leaving your cab.

Up to date

You receive real-time information in the app, such as the yard location for export or the unloading status for import. Smooth and easy service.
